## Introduction

The World Knowledge Forum is a non-profit entity, which aims to promote balanced global growth and prosperity through knowledge-sharing. As the largest business forum in Asia, the World Knowledge Forum brings together global leaders to address the importance of knowledge in meeting the challenges and opportunities of a rapidly changing world.

The World Knowledge Forum was conceived as part of the Vision Korea Project, a campaign launched by Maeil Business Newspaper in 1997, to propose new visions for development to Korea and to the global community. The first World Knowledge Forum, entitled 'Shaping the New Millennium with Knowledge,' took place in 2000, shortly after the Asian financial crisis. The World Knowledge Forum has since grown to encompass 110 sessions featuring over 250 speakers from all over the world.

## Invitation

With gracious support and enthusiasm from many knowledge seekers around the world, the World Knowledge Forum has grown into one of the most prominent knowledge hubs in the world. Each year, the World Knowledge Forum has been developing its contents and addressed numerous global agendas with approximately 250 speakers and 4,000 audiences.

As the year 2019 marks the 20<sup>th</sup> anniversary of the World Knowledge Forum, we have set the stage again for the best speakers and themes. The 20<sup>th</sup> World Knowledge Forum is scheduled to take place from September 25<sup>th</sup> through 27<sup>th</sup> in 2019, and we will attempt to come up with best action plans for important global issues at hand. There will be in-depth discussions regarding geopolitical, economic, business, and social issues at the 20<sup>th</sup> World Knowledge Forum.

I invite you to join the 20<sup>th</sup> World Knowledge Forum.
